

# The Companion Mode Deck

How Spatial Deck and Claude Design plug into each other.

- Claude Design owns the brand system.
- Spatial Deck owns the runtime.
- Importers are the bridge.

# Why Markdown

Draft mode for talks.

- Plain text is portable and diff-friendly.
- Every editor on earth can edit it.
- Git handles it gracefully.

# Three Fleet Machines

- Sam runs llama3.1:8b for structured JSON.
- Archie handles HTML and code parsing.
- Lenny hosts the larger vision and code models.

# Next Steps

- Wire the HTML importer.
- Add alt-text generation.
- Write the narrative coach.
